

## Entrepreneurship Curricula

### Awakening the passions

**Concepts:** passion, sense of self

**Time:** 15 minutes

**Materials:** small strips of paper, pens, and a bag/basket/box

**Goal:** to find out your passions and where they can drive you to

Each participant will receive 5 strips of paper and will be asked to write a word or a phrase on each of the paper strips that describes: 1. My favorite thing to do 2. What I am good at 3. What I would miss if I couldn't do it anymore 4. My favorite thing to do with family or friends 5. Things I'd like to learn how to do

Ask the participants to choose the passion they feel stronger (out of the 5 strips) and put it in the bag. Then ask three participants to draw a tape from the bag. Each participant has to read the passion they chose. Ask: Does anyone share that passion? Do the other people you know share that passion? Participants need to think about existing businesses on the basis of that specific passion. Can they think of new business opportunities to create?

You can add more strips to extend the activity.
